2001 Freightliner school bus with 190,000 miles it's an automatic transmission / Cummins diesel engine. Hydraulic brake system amber flashers and red flashers. 8 way warning light system works great. It has new tires on the front as well as a brake line that was just done yesterday.... The bus runs, drives, shifts, and stops excellent. It also performs excellent on the highway cruise control works too. The body is by Thomas company and it holds 66 passengers.... It also has tinted windows.... It's simply ready to go, turn the key and go wherever you need to go across country or local it's ready for service or to be used for whatever you plan to do with it
